

Dear Student Leader,

We are Isaac Tesfay and Ernie Ng, the co-chairs for the 2003-2004 academic school year for MIX, the Multiethnic Identity Xploration student organization here at College of the Holy Cross. We are writing you to extend an invitation to the Worcester Multicultural Organizations Conference that will be held at Holy Cross on Sunday, September 14th at 9am.

The motivation behind this conference is MIX's difficulty throughout the previous year in finding support and to establish a proper network to develop our organization to become a successful and influential fighting force for our causes.

The purpose of this conference is to unite the Worcester Multicultural Organizations together, to form a network of ideas, programs, options, and support, so that we can take advantage of our local Worcester consortium and better develop our student organization relations and foster a better sense of community with each other. We have enclosed a copy of the conference so that you may be able to review it and decide if you would like to participate in this first union of the Worcester multicultural student organizations.

*There will be a \$10 fee per organization to be made payable by Sept. 10, 2003 for attending. We will provide a continental breakfast, banquet luncheon, and an informational packet. We are looking for the current co-chairs, presidents, or executive board members of your student organization to attend.*

If you would like to attend the 1st Annual Worcester Multicultural Organizations Conference on Sunday, September 14th, please respond to this e-mail with subject line stating: "**Conference Confirmation**" and the names of the members attending. Each organization is allotted a maximum of 3 registered spots. You will receive a formal registration form to this e-mail address ( unless otherwise notified ) and should be *completed and sent to MIX@holycross.edu by Wednesday September 10, 2003*. Billing and conformational information will be delivered to this e-mail account, unless otherwise notified. Please make checks payable to College of the Holy Cross/MIX. No cash or credit cards will be accepted.

We understand the difficulty of planning this during the summer. The recent SoBig virus slowed our efforts in a more efficient confirmation process and your participation is greatly appreciated. We look forward to making this the first of many great years for Worcester and its multicultural population.

Sincerely,

MIX  
Multiethnic Identity Xploration student organization
